NOTE FOR VINCE:

The attached addresses the 14 actions assigned to the DDA in the IG Industrial Contracting and Security Report.

- they strongly appeal one, A-2 (see covering memo and Tab B), which would elevate authority for waiving Contract Review Board review of certain contracts from D/OL to DDCI/DCI. If DDCI does not accept appeal, Wortman and McDonald want to talk to him about it.
- they have begun implementing two -- A-4 (Tab D) on requiring some contractors to meet same security access standards as staff employees and C-4 (Tab H) on developing a publication review mechanism for contractors -- and will provide an additional progress report in 60 days.
- they have completed or are about to complete 10.
- they take issue with one -- 4-C (Tab K) implying "apparent evasion of guidance" on hiring consultants -- and are pursuing with D/OPPPM rescinding part of HR that they believe is impractical.
- (will continue to monitor)
